

## QUOTATION

Prepared For: Martin Cameron

Date: 6/8/25

Quote: D5774

Site Address: 43 Albert St Hamilton East

## CONTINUOUS SPOUTING MADE TO MEASURE

Our estimate allows for the following based on the site visit: Supply & Install 150 Fascia/Barge and ¼ Round Spouting with Internal Brackets. House Only. No Roof Plan or Specs Provided.

Fascia/Barge & Spouting as specified above:	\$ 3,359.50
GST	\$ 503.93
TOTAL	\$3,863.43

**Terms and Conditions:**

- Payment is due 7 days following the date of invoice, unless otherwise arranged. 3% interest per month will be added onto the invoice after 30 days unpaid. Debt Collection costs incurred will be passed into the customer including any legal fees incurred. Bay Corp is our Debt Collection agency.
- Materials supplied by Waikato Fascia and Spouting shall remain their property until payment is made in full.
- This quotation is based on current material and labour prices. Any increase after the date of the quotation and before the date of delivery shall be charged to the client.
- This quotation is valid for 60 days from the above date. A 40% deposit may be requested prior to start date.
- Waikato Fascia and Spouting relies on the accuracy of the plans, specifications and information provided by the client. The client should check the Quotation to ensure the correct materials have been allowed for prior to acceptance.
- Any variations to the accepted quote will be charged to the client.
- Colour, fascia size and spouting profile to be confirmed in writing via email when ordered.
- Power is required on site at the time of installation – additional charges will apply if unavailable.
- Removal of rubbish is the responsibility of the client unless other arranged.
- 80m PVC Droppers have been allowed for, dropper sizes must be confirmed at time of ordering.
- Fascia supplied by Roofing Industries is coastal grade.
- Soffit damage is not covered by this quote, as with the age of the properties undergoing respouts, or changeover from internal to external spouting, the soffit material becomes very brittle. Reasonable care will be taken.
