Good afternoon Martin and Victoria,  
 Following our recent discussion, please see below our estimate to complete a Boundary Offset Survey for house extensions at 43 Albert Street, Hamilton East (Lot 6 DP 16960).

**Scope of Works**

The boundary off set survey works include data search for cadastral plans of the area, field survey to locate old survey marks, calculate to the boundaries, place pegs at a known offset from the boundary as required and mark with painted stakes. At completion provide survey plan and certificate. Pegs to be offset pegs generally as marked in red on the plan below. The exact location will be dependent on where the site is clear of vegetation.

**Cost**

Our estimated costs (excluding GST and disbursements) are as follows:

Item	Description	Cost excl GST
1	Boundary offset Survey to place boundary offset pegs for house extension, Prepare Survey plan and certificate and forward copy to client.	\$1,650 – 2,000

**Timeframe for Completion**

Pending acceptance of our fees and terms we can organise a field party to complete the fieldwork next 5- 10 working days at a time to suit you.

Should this fee proposal be acceptable to you, please read our attached Terms and Conditions and **FORWARD** this email either back to the original sender or to [info@cheal.co.nz](mailto:info@cheal.co.nz) together with your authorisation to complete the job as per the above scope and price.
