Hi Martin,

As discussed
Client is
Victoria (Tor) Cameron
43 Albert St
Hamilton
Email tor.cameron@gmail.com

I suggest placing 2 boundary offset pegs generally as marked in red on the attached plan. Exact location will be dependent on where the site is clear of vegetation.

Is this what you required?

Please do not hesitate to contact the writer if you have any queries.

Kind Regards

Dave McCracken

Subject: 43 ALBERT ST, HAM EAST - RENO AND EXTENSION

HI Dave

Please give me a price for the pegging the site work for the renovations and extension at 43 Albert St as per plans.

NOTE: The owner is my daughter, - Tor (short for Victoria) - and so only the best will do.

The plans are available here:

<https://albert.cameron.co.nz/>

The application for the BC was made yesterday - 5 August - so we will be looking for a start date on the build around the beginning of September.

Regards

[Cheal Consultants]
